Event Summary:

The Big Bend Healthcare Coalition, in partnership with the Department of Health in Leon County, is happy to present a brief educational opportunity centered around COVID-19 vaccination planning.

“Operation Warp Speed,” is a federal initiative for nationwide mass vaccinations in response to the COVID-19 Pandemic. Although much is still unknown, this educational opportunity will provide insight into planning at the local level. This opportunity also highlights the importance of organizations to consider becoming a closed POD (Points of Dispensing).
