

# COVID-19 SITUATION REPORT #10

APRIL 30, 2020

## SAFE. SMART. STEP-BY-STEP

### GOVERNOR DESANTIS'S REOPEN FLORIDA PLAN KEY FACTS PHASE I BEGINS ON MONDAY, MAY 4:

- Schools must maintain distance learning
- Elective surgeries may now resume with appropriate PPE
- Restaurants may now offer outdoor seating with 6ft of space between tables
- Capacity for indoor seating at restaurants may not exceed 25%
- Vulnerable populations should maintain social distancing and avoid close contact with individuals outside of their home
- There is no change for bars, gyms and personal services like hairdressers
- Social distancing in public should still be maintained
- Avoid socializing in groups of more than 10 people in circumstances that do not "readily allow for physical distancing"
- Face masks are recommended for those in face-to-face interactions and where social distancing is not an option.

### KEY METRICS TO CONSIDER BEFORE THE STATE MOVES TO PHASE 2:

- The State maintains the health of benchmarks of the safe "Safe. Smart. Step-by-Step Plan"
- Maintain hospital bed capacity
- Monitoring COVID-19 test positivity rate

## PanCare Health Antibody Testing

PanCare Health is conducting COVID-19 testing in Panama City, Marianna, Bristol, Port St. Joe, and Eastpoint. On Monday, May 4, Pancare will begin rapid antibody testing by appointment only available to everyone at all our COVID-19 testing sites. There are no requirements to receive this testing, and there are no fees for anyone for any services provided at our testing sites. For persons with insurance, Pancare will bill your insurance. The COVID-19 response line team is available at (850) 215-4181 Monday-Friday 9 am-4 pm to conduct phone screenings. Please visit <https://pancarefl.org/covid-19> for more information.

**THERE ARE NOW 3 COVID TESTING SITES IN THE BIG BEND HCC REGION:**

**Northwood Mall**

**Florida A&M University**

**East Point**

(now testing anyone in these categories regardless of displaying symptoms or not)

- Healthcare facility workers
- Residents in long-term care facilities
- Persons 65 years of age or older
- Persons with underlying conditions
- First Responders

## ESS INFORMATION FOR REPORTING FACILITIES

- ESS is critically important for the State to anticipate demand in the hospital & sub-acute care setting. This data influences decisions on the need for additional support and equipment requests from federal government.
- Facilities MUST verify and update data 2x daily.
- ESS is adding more fields daily. Instructions on these new fields available on the AHCA ESS website.
- Hospitals should estimate the number of med surge beds that can be converted to ICU beds. Do not duplicate bed numbers in different categories. Start with highest acuity beds.
- Corporate Representatives can be established to monitor data entry at individual facilities. Contact AHCA for assistance

## SURGEON GENERAL'S PRIORITIES

### Florida's 5 STEPS to Prevent COVID-19

#### 1 STOP INTRODUCTION

Stop Introduction into Florida from out of state.

#### 2 TEST, TEST, TEST

Leverage testing capabilities & work to expand capacity.

#### 3 ELDERLY & VULNERABLE PROTECTION

Protect the elderly by increased mitigation and messaging at assisted living centers, nursing homes, and other special facilities.

#### 4 PREPARE HOSPITALS

Assess the potential impacts and course of action for hospitals and bed capacity.

#### 5 SOCIAL DISTANCING

Continue to message social distancing.
